The Silent Majority in this country is fed up with being the target and not having people in Congress stand up for them.

The Democrats want us to sit down and shut up to go along with their plan to destroy this country.

I won't let them.

.@RepMTG and several other new members of congress have been forcing recorded votes on all of the bills that come to the floor this year.

Before they were elected, it was often a lonely and thankless job to force recorded votes, because Congress, as a whole, hates transparency.

And these firms will have a ready buyer if Biden's plans happen.

Besides they need a way to make a profit for their investors after buying at the high end and 20% over the market rate.

Jan 6th defendants are being mistreated in jail while awaiting trial.

Being held in solitary confinement is cruel mental abuse and is a violation of these defendants rights.

They have been charged and will have their day in court, and we must maintain a fair standard for all.

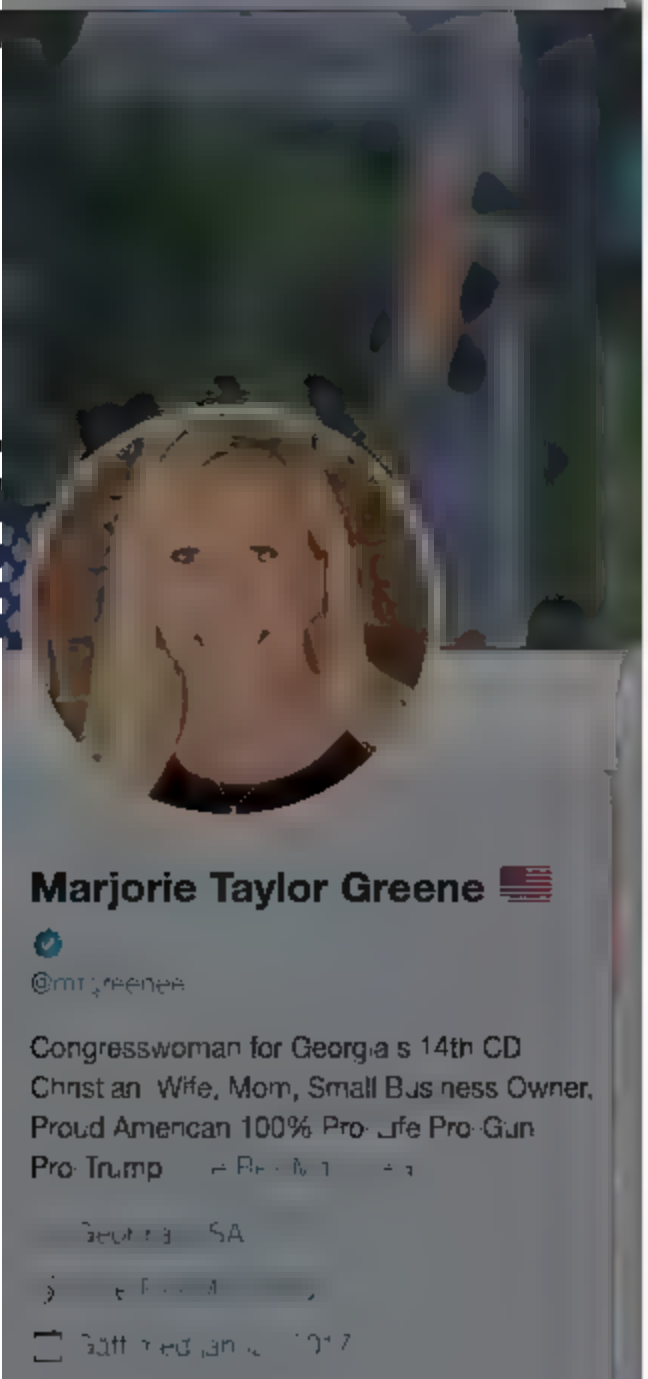
When is the media going to report 24-7 that Hillary Clinton & the DNC paid for Christopher Steele's dossier of lies & that Mueller's witch hunt wasted over $30 M taxpayer dollars?

The media lied and lied and lied.

And addicted people to hating President Trump for nothing.



of America

As President, I had a great and very productive meeting in Helsinki, Finland, with President Putin of Russia. Despite the belated Fake News portrayal of the meeting, the United States won much, including the respect of President Putin and Russia. Because of the phony Russia, Russia, Russia Hoax, made-up and paid for by the Democrats and Crooked Hillary Clinton, the United States was put at a disadvantage —a disadvantage that was nevertheless overcome by me. As to who do I trust, they asked, Russia or our "Intelligence" from the Obama era, meaning people like Comey, McCabe, the two lovers, Brennan, Clapper, and numerous other sleezebags.

The letters from the Deplorable Jail, in this article, are not fair treatment for all prisoners.

Christopher Wray is this how people awaiting trial for misdemeanor charges are treated?

Solitary confinement?

Who needs a stinking committee...

@mtgreenee has built her own -- to fire Fauci.

Congresswoman Marjorie Taylor Greene and Fire Fauci Act Cosponsors

Washington D.C. - In light of emails exposing Anthony Fauci's lies and his cover-up of U.S. funding directed to the Wuhan Institute of Virology, support for Congresswoman Marjorie Taylor Greene's legislation, the Fire Fauci Act (H.R. 2316), has exploded. In just the past few days, the number of cosponsors has doubled and momentum to remove Fauci has never been stronger.

On Tuesday, June 15th, Congresswoman Greene will be holding a press conference, along with her fellow cosponsors, to present the many reasons why Fauci should be removed as the head of the NIAID and immediately stop receiving the highest salary in the federal government.

WHO:

- Congresswoman Marjorie Taylor Greene (GA-14)
- Congressman Thomas Massie (KY-4)
- Congressman Andy Biggs (AZ-5)
- Congresswoman Mary Miller (IL-15)
- Congressman Paul Gosar (AZ-4)
- Congressman Matt Gaetz (FL-11)
- Congressman Buddy Carter (GA-1)
- Congressman Bob Good (VA-5)

If the data show the vaccine is likely to harm young children more than the virus is likely to harm young children, giving children the vaccine as a sacrifice to save older adults is immoral and reprehensible.

Joe Biden thinks the greatest threat to America is climate change.

Joe should call Al Gore and ask him if there is still ice in the Arctic.

Luckily all our 80's hairspray didn't kill the ozone.

Jan 6th defendants are being mistreated in jail while awaiting trial.

Being held in solitary confinement is cruel mental abuse and is a violation of these defendants rights.

They have been charged and will have their day in court, and we must maintain a fair standard for all.

As a blonde woman, I would like to take a moment to thank Congresswoman @AOC.

She has single handily put an end to all "dumb blonde" jokes.

Blondes everywhere appreciate your service and your sacrifice!

I followed hoping (fruitlessly) that there might be some substance to your campaign beyond the Q curiosity factor. Turns out no… like most Trumpists you are content to focus on hate, fear, guns, and the politics of personal insult. Read the entire constitution and do better

Is this true??

If so, there are serious concerns for how these people are being treated in the Deplorable Jail.

Political punishment is not fairness for all and not justice.

OK mom, could use a little good news today. We hrst for out they are locking us down for an entire week in isolation for mid week special drills last night, no phone calls, no rec time, 5 min shower, 24 hr in out cells. They are trying to sabotage us for getting the trut out

Julie Kelly @JulieKelly2

Now getting reports the Deplorable Jail will be on lockdown as punishment for Mark Levin show last night. I've heard this from a few sources already this morning.

Now that we know people from groups like Proud Boys and Oath Keepers have been arrested and charged for Jan 6, how many Antifa members have been arrested and charged?

Are any of them being held in solitary confinement in the Deplorable jail?

Today, the Senate is moving forward with radical gun-grabber David Chipman to lead the Joe Biden's ATF.

The war on gun owners and the Second Amendment MUST END!

That's why I'm introducing legislation to #EliminateTheATF.

oe Biden's nomination of gun grabber David Chipman, who wants to ban the most popular self-defense and hunting rifle in America owned by millions of American patriots, is a clear indication that the ATF's war on gun owners is about to crank up.

We must END the ATF's war on our Second Amendment rights!

My ELIMINATE the ATF bill (HR 3960) would do just that, protecting tens of millions of American gun owners from power-hungry, gun-grabbing bureaucrats like David Chipman.

Yesterday, Republicans could've defeated a Dem bill that forces public companies to file compliance paperwork to prove how WOKE they are, but we had 1 Republican that didn't show up to vote or proxy.

Even with a close minority, we can defeat Democrats, if we are organized.

.@GaSecofState why are you just now removing 100,000 “voters” off of Georgia’s voter rolls?

We know that these “voters” should not have voted in the November 2020 Presidential election.

Are you worried about Fulton audit?

All the people excited over the fantasies of socialism that they consume from social media, “experts,” and members of Congress don’t understand that there will be very few that own and control everything and the rest of the population will be poor and under control.

Socialism.

All the people excited over the fantasies of socialism that they consume from social media, "experts," and members of Congress don't understand that there will be very few that own and control everything and the rest of the population will be poor and under control.

Atlanta's Keisha Bottoms is one of America's worst mayors, maybe even worse than Lightfoot & de Blasio.

Lenox Mall used to attract shoppers from all over America, now it has metal detectors. BLM riots. Defund the police. Buckhead wants to leave.

TOTAL DISASTER. Thanks, Keisha.

Businesses should not have to report how woke they are.

Producing reports on if the company is minority owned, woman owned, and how many employees are LGBTQ, should not be required of companies for no reason.

My "We Will Not Comply Act" bill allows people the legal right to do just this.

It is discrimination to force vaccines or masks and treat people differently if they refuse.

Business owners & gun owners are the greatest threat to the Democrat's ultimate goal of socialism.

Because of their mindset.

They are independent, successful & don't need to rely on the government.

They can't be convinced they're a victim.

Therefore they can't be controlled.

Republicans that make a bi-partisan Infrastructure deal with Democrats that includes the Green New Deal will be the biggest traitors in our party.

For Dems, "Infrastructure" is the Green New Deal that forces the US to electric vehicles.

Fyi.. electric cars run on batteries.

> In 2019, **Chinese** companies accounted for more than 80% of the **world's** output of **battery** raw materials. Among the **battery** plants to be created in the next eight years, 101 out of 136 will be based in **China**. When it comes to **batteries**, **China's** presence is felt at every step of the supply chain. Mar 30, 2021

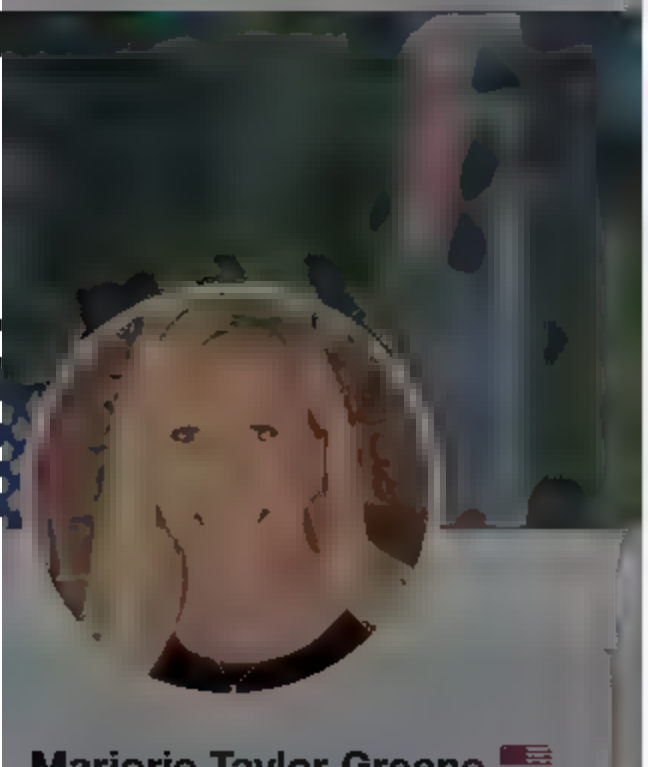
The DOJ should be investigating Stacey Abrams role in Fulton County elections regarding Nowaccount and Happy Faces, instead of suing our great state of Georgia for passing election integrity laws.



The DOJ is not Biden's political weapon.

Laurel Hubbard should be kicked out of the Olympics! He is NOT a woman!!

REAL women train their entire lives to compete in the Olympics.

Their opportunities should NOT be stolen by a man with an identity crisis in need of attention.

Where are women's rights activists?

Can Democrats stop playing stupid political games now and actually care about border security?

Secure the border & stop letting everyone in.

Democrats foolishly undoing of Trump's strong border policies is fueled by how much they blindly hate him and it's hurting our country.

> **Judicial Watch** @JudicialWatch · Jun 24
> Months after the Biden administration canceled a program that deported illegal immigrants convicted of sex crimes, the Border Patrol reports a stunning 3,166% increase in sex offenders crossing into the U.S. illegally via Mexico. READ: jwatch.us/SmhgKt

Republicans that make a bi-partisan Infrastructure deal with Democrats that includes the Green New Deal will be the biggest traitors in our party.

For Dems, “Infrastructure” is the Green New Deal that forces the US to electric vehicles.

Fyi.. electric cars run on batteries.

Among the **battery** plants to be created in the next eight years, 101 out of 136 will be based in **China**. Congress should vote on each bill separately.

All 435 members voting.

Bills should never be packaged into a big group for one vote, called an en bloc.

But Congress is lazy and careless and still wants to pass bills by voice or packed in one big en bloc vote.

Republicans should be voting no to any en bloc that contains bad Democrat bills, instead of voting yes to pass just a few good bills

Republicans should work strategically to stop the Democrats radical agenda, not help them pass it.

50% goes to the Green New Deal.

It will NOT build any new roads.

It gives $4 BILLION to CHINA for electric vehicle charging deployment.

Just a down payment on your slavery to Chinese batteries.

Pelosi and the Democrats are going to keep us in a National Covid "Emergency" all the way to January 2023!

Literally taking the power away from Congress and giving it to bumbling Joe Biden.

Covid is the left's political tool against you, the American people.

WE MUST DEFEAT THE RULE (H.Res. 508)

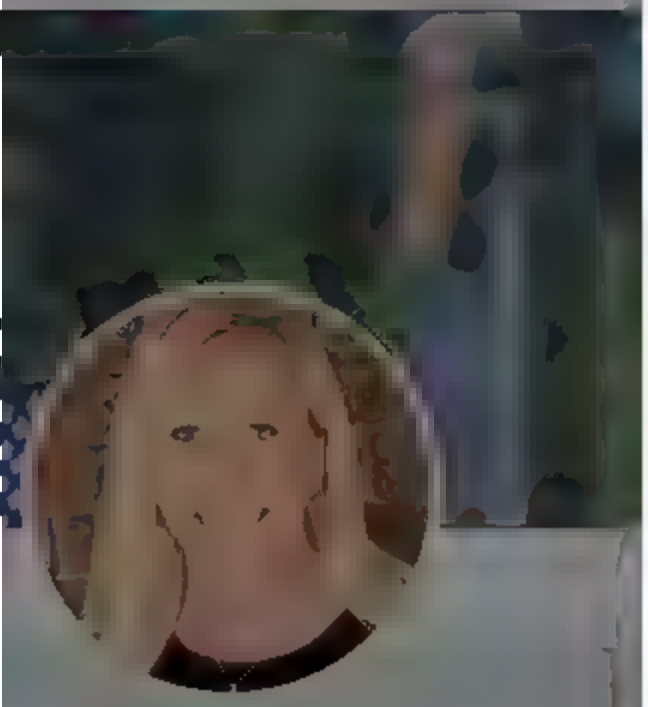
THIS RULE EXTENDS THE COVID-19 EMERGENCY DECLARATION THROUGH JANUARY 2023

6 Provides that the provisions of section 202 of the National Emergencies Act shall not apply during the remainder of the One Hundred Seventeenth Congress to a joint resolution terminating the national emergency declared by the President on March 13, 2020

Section 202(b) of the National Emergencies Act requires Congress to review emergencies every six months

(b) Not later than six months after a national emergency is declared, and not later than the end of each six-month period thereafter that such emergency continues, each House of Congress shall meet to consider a vote on a joint resolution to determine whether that emergency shall be terminated.

President Biden has extended the COVID-19 National Emergency Declaration on Feb. 24, 2021



For this reason, the national emergency declared on March 13, 2020, and beginning March 1, 2020, must continue in effect beyond March 1, 2021. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing the national emergency declared in Proclamation 9994 concerning the COVID-19 pandemic.

The Jan 6th committee is Pelosi making it clear to the American people that she doesn't care about all the Antifa/BLM riots you endured all year long, she only cares about the Capitol and herself.

And continuing the witch hunt on President Trump and all of us who support him.

Congratulations to the people of Iowa, and to the grassroots 2A organization, Iowa Gun Owners, for officially becoming a Constitutional Carry state today!

Americans should NOT have to ask government for permission in order to exercise our God-given right to keep and bear arms!

The Earth's climate has always changed, and there is NO amount of taxes or government that can change it.

Government is not God.

The Green New Deal by @AOC is just another communist manifesto.

It should be burned along with all these masks we are forced to wear.

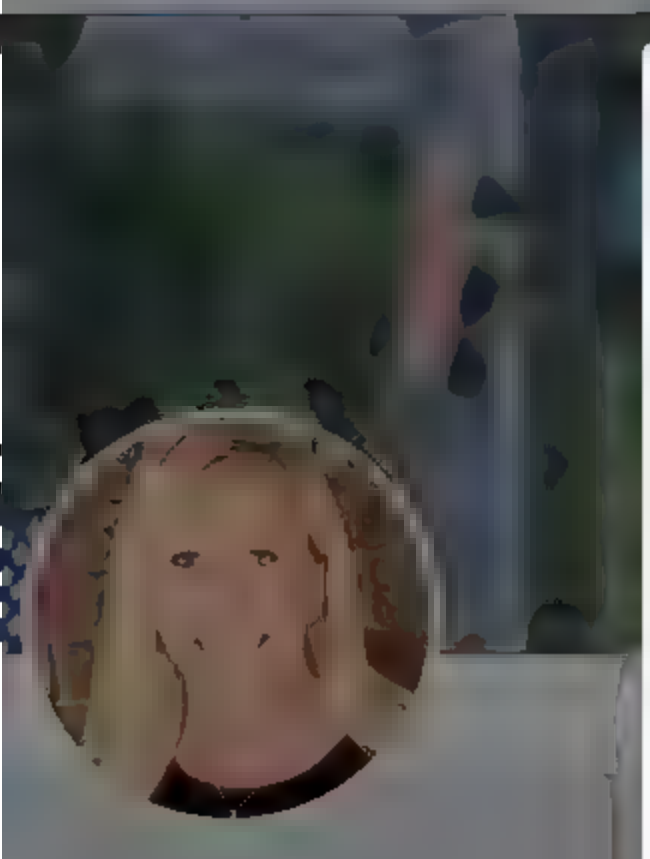
What an incredible liar.
Democrats ran on defunding the police.
No one has forgotten even if the media refuses to call out her lies.

The Hill @thehill



@PressSec: "The president ran on and won the most votes of any candidate in history on the platform of boosting funding for law enforcement, after Republicans spent decades trying to cut the cops program."

For the last 6 years, Democrats have called Republicans: Nazis, Fascists, White Supremacists, & Enemies of the State.

It's absurd Democrats accuse me of creating an environment of harassment for speaking at a Trump rally & defining them as who they are:

Communists.

Congratulations to the people of Iowa, and to the grassroots 2A organization, Iowa Gun Owners, for officially becoming a Constitutional Carry state today!

Americans should NOT have to ask government for permission in order to exercise our God-given right to keep and bear arms!

This is the Infrastructure bill.

50% goes to the Green New Deal.

It will NOT build any new roads.

It gives $4 BILLION to CHINA for electric vehicle charging deployment.

Just a down payment on your slavery to Chinese batteries.

Bend over America.

We need names and answers about the FBI operatives, who were involved in organizing and carrying out the Jan 6th Capitol riot.

First they had a "back up plan" to stop Trump in Russia Collusion witch hunt, now we are finding out they were deeply involved in Jan 6th.

We need names and answers about the FBI operatives, who were involved in organizing and carrying out the Jan 6th Capitol riot.

First they had a "back up plan" to stop Trump in Russia Collusion witch hunt, now we are finding out they were deeply involved in Jan 6th.

The Earth's climate has always changed, and there is NO amount of taxes or government that can change it.

Government is not God.

The Green New Deal by @AOC is just another communist manifesto.

It should be burned along with all these masks we are forced to wear.

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.
So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

Joe Biden only won Georgia by 11,779 votes, but the Fulton Co audit should overturn the election to Trump.

I will say it over and over again, Georgia re-elected President Trump.

The error rate alone should throw the election.

I will be actively supporting the audit.

The Earth's climate has always changed, and there is NO amount of taxes or government that can change it.

Government is not God.

The Green New Deal by @AOC is just another communist manifesto.

It should be burned along with all these masks we are forced to wear.

This is the Infrastructure bill.

50% goes to the Green New Deal.

It will NOT build any new roads.

It gives $4 BILLION to CHINA for electric vehicle charging deployment.

Just a down payment on your slavery to Chinese batteries.

Bend over America.

Morons like you are responsible for losing GA's 2 Republican Senate seats.

You ran a Nov 3rd election that was stolen bc you idiots at the SOS mailed out millions of absentee ballots to any one and everyone while GA was an open state.

Then you counted ballots on Dominion..

DC is completely dead tonight. People stayed in and were scared to go out because of fear of riots.

Police are everywhere and have riot gear.

#BLM is the strongest terrorist threat in our county.

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.

So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

People who call the few-hour riot at the Capitol by unarmed protesters an "insurrection" are bad people who are harming the country. PARTICULARLY so if they don't use term for the months-long violent, coordinated attacks on White House, federal courthouses, small businesses, etc.

I'm infinitely more terrified of powerful people calling the riot an "insurrection" and rewriting reality as a ploy to seize unlimited/unaccountable power and brutally oppress their political opponents than I am of Mr Buffalo Head or Grandma-in-the-Rotunda, or Mr Feet on Desk.

Mollie @MZHemingway · 6h

Also, to call it "deadly" after spending months brazenly lying that protesters killed a cop while downplaying the fact that the only killing was of an unarmed protester by a still anonymous cop is peak propaganda.

Candace Owens is right.

This is why I introduced a bill called the "We Will Not Comply Act."

People have the right to choose to take or not take the NON-FDA approved vaccine & they can sue any entity that discriminates against them for not complying.

Especially for our kids!

Biden pushing a vaccine that is NOT FDA approved shows covid is a political tool used to control people.

People have a choice, they don't need your medical brown shirts showing up at their door ordering vaccinations.

You can't force people to be part of the human experiment.

Biden pushing a vaccine that is NOT FDA approved shows covid is a political tool used to control people.

People have a choice, they don't need your medical brown shirts showing up at their door ordering vaccinations.

You can't force people to be part of the human experiment.

My Granny taught me to love the sunrise.

She would get up early each day & watch the sun rise over the lake in the morning.

She told me the sunrise is better than the sunset bc it brings hope and promise for the new day.

God gives us the sunrise to make all things new.

China is going everywhere locking up rare earth minerals to completely dominate the battery market.

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.

So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

Very excited to be in Effingham, Illinois tonight to help my friend @Miller Congress raise over $100,000 for her re-election campaign!

DC is completely dead tonight. People stayed in and were scared to go out because of fear of riots.

Police are everywhere and have riot gear.

#BLM is the strongest terrorist threat in our county.

Biden pushing a vaccine that is NOT FDA approved shows covid is a political tool used to control people.

People have a choice, they don't need your medical brown shirts showing up at their door ordering vaccinations.

Biden pushing a vaccine that is NOT FDA approved shows covid is a political tool used to control people.

People have a choice, they don't need your medical brown shirts showing up at their door ordering vaccinations.

You can't force people to be part of the human experiment.

The DOJ should just release the over 14,000 hours of surveillance video that the tax payers already payed for instead of creating a controlled view of Jan 6 that cost $6.1 million taxpayer dollars.

Then everyone can see what happened.

What is there to hide?

Candace Owens is right.

This is why I introduced a bill called the "We Will Not Comply Act."

People have the right to choose to take or not take the NON-FDA approved vaccine & they can sue any entity that discriminates against them for not complying.

Especially for our kids!

1. Actually Jen, people should take some health advice from me.

As a former gym owner, I've helped countless people lose weight, gain strength, and be healthy again.

The number 1 risk factor for death from #COVID19 is OBESITY, at nearly 80%!

The first part of this tweet is actually accurate. China's dominance on rare minerals is a serious issue

It then becomes incoherent when she blames this on the GND legislation that hasn't passed yet

1 Actually Jen people should take some health advice from me

As a former gym owner, I've helped countless people lose weight, gain strength, and be healthy again.

The number 1 risk factor for death from #COVID19 is OBESITY at nearly 80%!

Not only does this put them at the highest risk of dying from covid, it also puts them at risk of dying from many other obesity related diseases

And have a DA that will prosecute criminals and not cave to wokeness.

Not just 250 officers that has been needed since 2013.

The symbol of freedom for the people fighting for freedom under Socialist/Communists regimes is our GREAT American flag.

Ironically, here in America, the Stars and Stripes is burned and disrespected by FOOLS who don't appreciate the freedom they were born with.

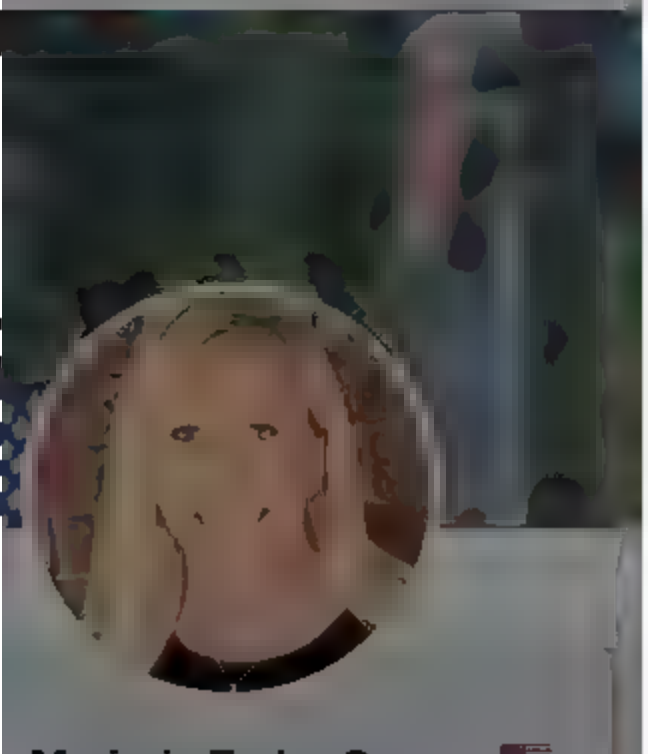
William McSwain confirms that Bill Barr blocked him from investigating voter fraud.

Barr said he hadn't seen any fraud, but thousands signed affidavits as witnesses to it.

The 4th branch of Gov (DOJ, FBI, & Intelligence) played politics AGAIN & took control to cover it up.

President Trump, you were right to be upset about the way the Democrats ran the 2020 election in Pennsylvania – it was a partisan disgrace. The Governor, the Secretary of the Commonwealth, and the partisan State Supreme Court made up their own rules and did not follow the law. Even worse, the State Attorney General, Josh Shapiro, the very person responsible for the enforcement of state election law, declared days *before* Election Day that you could not win the election. It would be hard to imagine a more irresponsible statement by a law enforcement officer, especially during a hotly contested election. In light of such statements, it is hardly surprising that many Pennsylvanians lack faith in our state's election results.



On Election Day and afterwards, our Office received various allegations of voter fraud and election irregularities. As part of my responsibilities as U. S. Attorney, I wanted to be transparent with the public and, of course, investigate fully any allegations. Attorney General Barr, however, instructed me not to make any public statements or put out any press releases regarding possible election irregularities. I was also given a directive to pass along serious allegations to the State Attorney General for investigation – the same State Attorney General who had already declared that you could not win

This is why we have a national security crisis!

The Republicans assigned to the J6 committee should be the toughest fighters that will stand up to Pelosi's witch-hunt 2.0 and defend Pres Trump, Republicans who objected, & political abuse against J6 protestors.

The people know who the fighters are.

I've asked to be assigned.

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.

So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

Everyone in America can have the COVID-19 vaccine thanks to President Donald J Trump and everyone who worked on Operation Warp Speed.

President Trump saved lives!

Now OPEN America, OPEN all our children's schools, and END masks mandates!

> **President Biden** @POTUS
> Everyone in America who wants the COVID-19 vaccine should be able to get it free of charge.
>
> The American Rescue Plan will make that a reality.

Democrats are the party of hate.
They organized to attack, threaten, & harass every venue we booked in CA to hold an America First rally, which celebrates our great country & freedoms.
They think their vicious hate will stop me, but I never give up.
See you at the rally tonight!

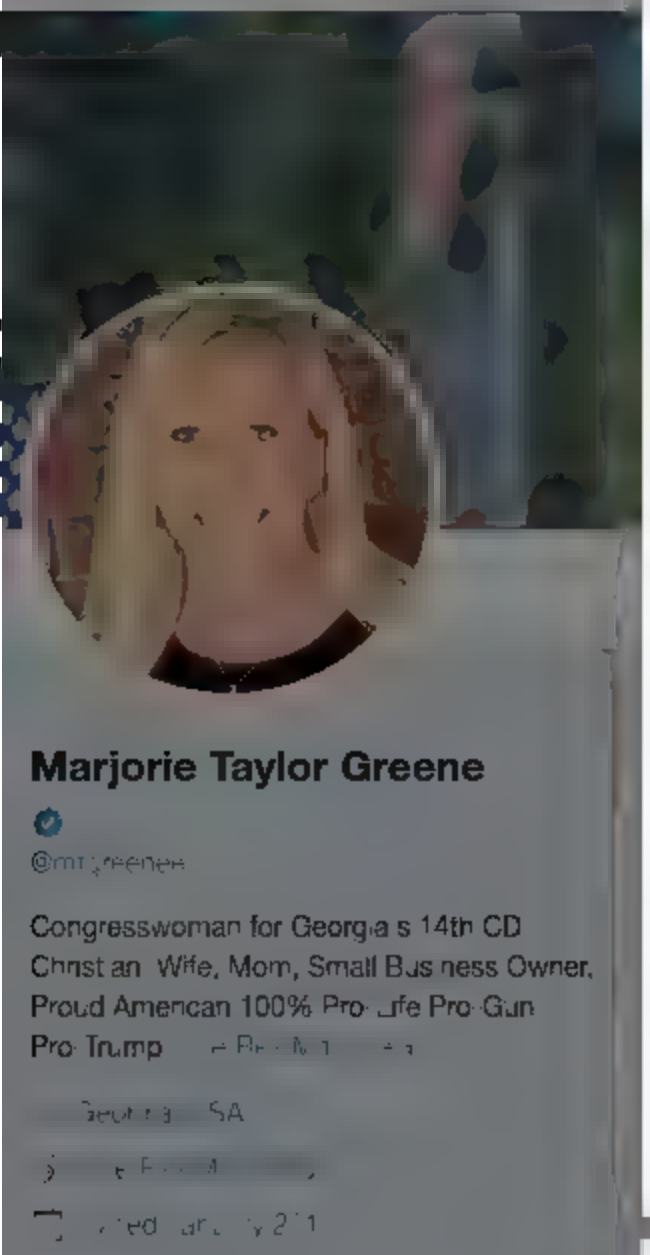
Radical communists have spent the last week trying to cancel our America First Rally w/ @mattgaetz.



Violent threats from BLM/Antifa were used again today to bully another venue.

We won't back down.

The cancellations show how afraid the Left is of our message.

But they can't cancel our movement!

The America First agenda I push for every single day in Congress is the agenda Republicans must fight for in order to take back the Congress in 2022, and save our country from the radical, Socialist Democrats who want to tear it apart.

Thank you to everyone who stands with me!

In every single state I visit, these are the top issues to Republican voters & donors:

1. Election fraud & integrity

2. Communist type government forced control over masks & vaccines

3. Biden admin & Big Tech censorship

4. National security crisis from Biden's open border

Which means that's most of the tax dollars that fund education and pay teacher's salaries.

So teach traditional values.

Or we will have to defund teachers salaries that refuse.

We only have 19,000 border patrol agents for our entire country, but New York City has 35,000 police officers.

This is why we have a national security crisis!

CBP is already badly undermanned & they're pulling agents from all over to the southern border that is being invaded.

Not one of the J6 defendants have been charged with “insurrection.”

Why is the Capitol breach called an insurrection if none of the people arrested are charged with it?

Why is the FBI & DOJ aggressively targeting people who went to the Capitol & ignoring Antifa/BLM terrorists?

The city didn't use "speech" to shut down our event. They used police power, which will be strictly construed as a tool to constrain political speech.

The "public safety" red herring point will be hard in light of your tweets bragging about canceling us due to our "values."

Everyone in America can have the COVID-19 vaccine thanks to President Donald J Trump and everyone who worked on Operation Warp Speed.

It was a great honor to meet Dick Heller tonight in DC. Mr. Heller was victorious in the monumental 2008 DC v Heller Second Amendment decision.

He started his battle in 1976 and stuck with it for more than 30 years ... he's an incredible guy and great patriot!

Sports Illustrated featured a trans biological male and an elite female tennis player this year.

Does SI see the irony in promoting a trans and a female athlete when biological men are now being allowed to defeat women in women's sports?

Promoting men defeating women is woke..

.@AOC people are excited about our debate about the Green New Deal economic policy!

People are saying they would pay money to see it.

We could debate pay per view style?

And the money raised could be split between us for our choosing of where it goes.

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.

So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

Nancy Pelosi is a TRAITOR to the American People!

The Constitution defines, "Treason against the US.. ..adhering to their Enemies, giving them Aid and Comfort." Illegal aliens are enemies that invade our country with drugs, human trafficking, and terrorist causing death and crime to American citizens. Nancy Pelosi adheres to these enemies by voting for and providing them aid and comfort through Sanctuary policies funded by US citizen tax dollars, and refuses to protect American people by refusing to fund our border wall, leaving our borders open and unsafe. Pelosi refused to meet with Angel families, caused the government shut down then traveled on US dollars to Hawaii and Puerto Rico

That's the way of communism.

It's time to stop the witch hunts. It's gone on long enough.

Congress is failing the American people.

We should be reducing spending and the national debt.

We should stop the free government checks to get people back to work & help the economy.

We should secure the border.

We should be putting Americans First especially our children.

Sports Illustrated featured a trans biological male and an elite female tennis player this year.

Does SI see the irony in promoting a trans and a female athlete when biological men are now being allowed to defeat women in women's sports?

Promoting men defeating women is woke..

Review of CDC data on COVID-19 deaths in kids showed that zero children have died from COVID-19 in U.S. without pre-existing conditions.

Based on the data, mandating a COVID-19 vaccine for all children is unnecessary and unsubstantiated by the science.

After 3-4 doses of IPV, a child is protected 99-100% for life - CDC/WHO

In 1916, there were 27,000 cases of polio & 6,000 deaths. A 22.22% death rate

2020-2021: 4.08 million children tested positive for C19, 297 confirmed died. A 0.008% death rate

Hence the hesitancy

Cleavon MD @Cleavon_MD

In 1962 Dallas County #Texas vaccinated 950,000 residents against the poliovirus in two days, ensuring an immunization rate well over 90%

It's not that it doesn't happen, every life matters. But these weird comparisons to promote vaccinating children is just weird

More political than scientific, will get you points w/ the statists, but does little to encourage the hesitant to get the jabs

You're not serious, clear eyed, or nonpartisan.

Accepting a seat on a highly partisan witch hunt, assigned by an old Democrat woman who is filled with bitter hate and rage and failed to secure the Capitol, isn't a call to duty, it means you're a traitor.

I would argue that the media should get better at 'defending' Women's Sports and stop biological men from canceling women in our sports.

I would expect @mPinoe to agree.

Another Black Founding Father, James Armistead, was instrumental in the battle that ended the Revolutionary War. We are indebted to our fellow Americans whose respect for the contributions of our Black Patriots ensured their place in the annals of American history.

James Armistead (c.1748–c.1830) was an enslaved African American at the time of the Revolutionary War. He convinced his master to let him join the war under General Lafayette.

There has NEVER been a President of the United States to spend so much money in order to purposely allow our country to be invaded!

There are 435 members of Congress.

But in the House, just a few members can pass a bill by voice vote.

I spent 2 hours requesting roll call votes. If I wasn't on the floor, these bills would have passed.

Americans should be appalled. And Congress should vote on every bill.

Did you miss me this week Fake @JakeSherman?

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Jake, how about you tell your favorite communist @AOC to debate me and I'll teach her about #AmericaFirst.

I believe in freedom.

I support the People.

They have the right to choose to wear a mask or not, and to vaccinate or not.

The perpetual pandemic state is only useful to control the public through fear, not save lives.

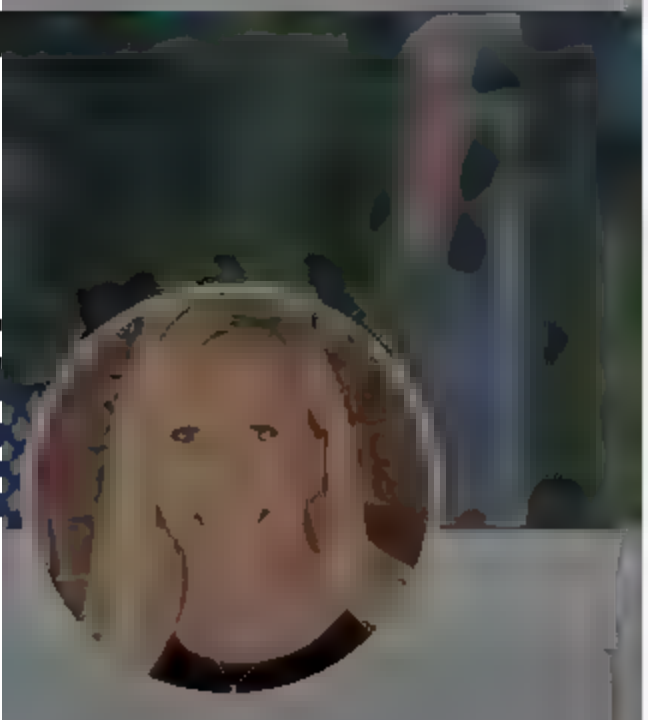
Yesterday, my colleagues & I filed our lawsuit against @SpeakerPelosi over her unconstitutional mask mandate.

Today, she reinstated it.

Americans are sick & tired of being political pawns.



We're fighting to stop it, that's why we're suing Pelosi.

.@SpeakerPelosi why didn't you have the National Guard at the Capitol on J6???

You were given the intelligence about threats of violence ahead of time.

You ignored the pipe bombs at the RNC and DNC on Jan 5th.

Why aren't these questions being asked during your witch hunt?

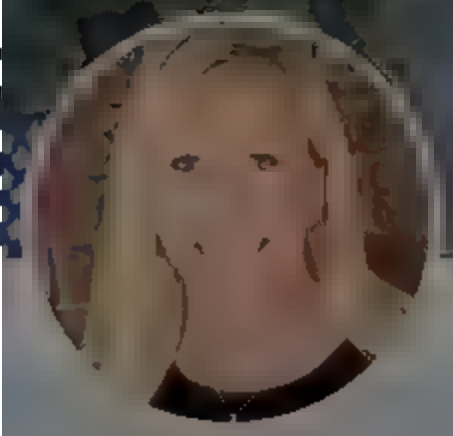
The Senate isn't parading around with paper napkins and jock straps on their faces even though they are "the oldest in American history" with the avg age being 63.



@SpeakerPelosi is way older than that. She's somewhere close to 90. Older than dirt.

And destroying our country.

Did you miss me this week Fake @JakeSherman?

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Jake, how about you tell your favorite communist @AOC to debate me and I'll teach her about #AmericaFirst.

We just had a meeting with Dr Monahan, the Office of the Attending Physician.

He admitted that he sent his letter to Pelosi and not McCarthy before sending to us, warning us all that we will be fined if we don't wear masks.

After hearing this bullshit, every single Republican should refuse to wear masks.

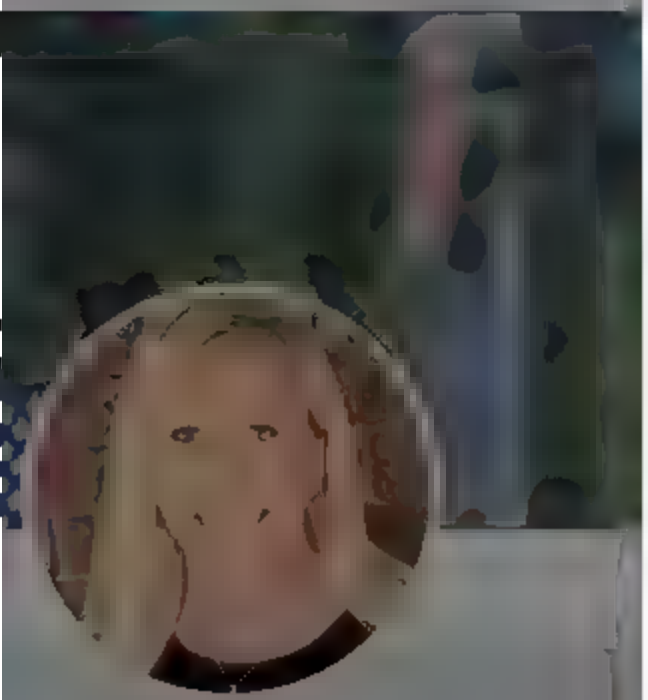
Four out of the five Democrats who upheld my Pelosi mask fine have signed a resolution to expel me!

I asked them to recuse themselves, but they refused.

During the Russia hoax, all the Dems could talk about was recusal for Rs.



Another example of the #HouseOfHypocrites.

When we win the majority in the House in '22 bc the Democrats are imploding under @SpeakerPelosi's lame duck leadership, we are going to fire Dr. Monahan.

I nominate @RonnyJacksonTX to replace him.

Better yet let's have him take over for Fauci too!

He'd make more money.

Military members, college athletes, pro athletes, students, and employees also should join together to send a strong message that they are opposed to #COVID19 vaccine mandates and passports.

My colleagues and I were locked out of the Deplorable Jail!

Members of Congress need to conduct oversight, yet our letters and calls get ignored. Then we get told we are trespassing.

The American people deserve answers! It's outrageous!!

Here's the moment we were accused of trespassing while conducting Congressional oversight at the Deplorable Jail.

What are they hiding??

After our visit, I'm even more concerned about the treatment of the prisoners inside.

Rep. @MTGreenee and 2 other GOP lawmakers are suing @SpeakerPelosi after being fined $500 each for not wearing masks on the House floor.

The reason they proceeded without masks was to "engage in symbolic protest speech," the lawsuit states.

I'm glad we finally heard from the Deplorable Jail.

1. Inmates in your jail are not residents, they are being detained while awaiting trial.

2. You were notified of our intent to visit and regardless Congress has oversight of federal prisons.

People are saying they would pay money to see it.

We could debate pay per view style?

And the money raised could be split between us for our choosing of where it goes.

Going back to lockdowns will ensure a red wave in 22, but at a terrible cost to people lives.

Instead of holding Fauci & China accountable, Dems punish the American people for a virus that is evading vaccines & masks never stopped.

Good things the death rate is so low.

.@GavinNewsom you know what is exhausting to the people of California?

Your communist dictatorship.

Shutting down businesses, closing churches, schools, and beaches is disgraceful

Mandating vaccines against people's will is unconscionable

Which is why you're being recalled.

.@GavinNewsom you know what is exhausting to the people of California?

Your communist dictatorship.

Shutting down businesses, closing churches, schools, and beaches is disgraceful

Mandating vaccines against people's will is unconscionable

Which is why you're being recalled.

In April, I introduced the We Will Not Comply Act to stop discrimination against Americans who choose to not take the covid vaccines.

According to a Dem staff source:

At least two Pelosi staffers tested positive for COVID this week and have been told to keep coming to work this week, and remain working in Speaker office.

Is this true Speaker Maskhole?

Rep. @MTGreenee and 2 other GOP lawmakers are suing @SpeakerPelosi after being fined $500 each for not wearing masks on the House floor.

The reason they proceeded without masks was to "engage in symbolic protest speech," their lawsuit states.

.@AOC people are excited about our debate about the Green New Deal economic policy!

People are saying they would pay money to see it.

We could debate pay per view style?

And the money raised could be split between us for our choosing of where it goes.

What do you think?

.@SpeakerPelosi you impeached President Trump after you said he incited violence by saying “march peacefully” to the Capitol.

So I can expect a yes vote from you on my resolution to expel @RepMaxineWaters for inciting violence, riots, and abusing power threatening a jury, right?

.@GavinNewsom you know what is exhausting to the people of California?

Your communist dictatorship.

Shutting down businesses, closing churches, schools, and beaches is disgraceful

Mandating vaccines against people's will is unconscionable

Which is why you're being recalled.

Did you miss me this week Fake @JakeSherman?

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Jake, how about you tell your favorite communist @AOC to debate me and I'll teach her about #AmericaFirst.

If vaccinated people are just as likely to spread #COVID19 then mandating vaccines is not only reckless but could lead to more deaths.

Also, study says the vaccines work "..but do not offer blanket protection against any chance of infection."

Let people choose.

Louder for the people in the back!

This man speaks the truth that Washington DC can't hear bc the swamp no longer understands what being an American even means.

Good for him on every level!

People are saying they would pay money to see it.

I'm glad we finally heard from the Deplorable Jail.

1. Inmates in your jail are not residents, they are being detained while awaiting trial.

2. You were notified of our intent to visit and regardless Congress has oversight of federal prisons.

Did you miss me this week Fake @JakeSherman?

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Jake, how about you tell your favorite communist @AOC to debate me and I'll teach her about #AmericaFirst.

I'm beyond fed up with the overwhelming double standard in this country.

Everyone knows the truth.

No matter how much the Democrats and their mouthpiece, the media, lie, the entire country knows what happened.

Where is the national man hunt for #Antifa and #BLM?

Where is the outrage?

Why did the riots die down after Nov 3rd?

Why were most charges dropped?

More than half of major city law enforcement agencies (56%) experienced arson incidents.[11] The individuals who committed these crimes targeted a variety of structures including government buildings, places of worship, and seemingly random stores and businesses. Law enforcement buildings and property were also popular targets. One agency reported dumpsters, trash cans, trees, furniture, and vehicles being set on fire. A UPS truck was reported as being looted and set on fire in another jurisdiction. In many cities, city hall, as well as other iconic public buildings and federal courthouses were targets of arson. Several agencies also had police precincts set on fire and hundreds of police cars were significantly damaged throughout the various protests across the U.S. One agency alone reported 300 police cars damaged to include 19 that were fully engulfed in flames.

In the 2020 #riots, over 2,000 police officers were injured & attacked with many weapons.

I'm completely opposed to the violence on J6, but I'm disgusted at the political man hunt happening to Trump supporters, while Biden's DOJ & FBI ignore the #Antifa & #BLM terrorism in 2020.

In stark contrast, the left and the media continue to falsely claim law enforcement officers were killed on January 6. While some law enforcement officers were certainly injured during that riot, the numbers and severity are far below the
